Item 3. **Scheduled for 11:30 A.M.**

It was moved by Naftaly, supported by Roberts, and unanimously approved to adopt the following regarding the appraisal of the property known as the Northville Psychiatric Hospital:

Pursuant to section 11 of Public Act 6 of 2002, the State Tax Commission, at its meeting on August 23, 2005, reviewed an appraisal of the property known as Northville Psychiatric Hospital located in Northville Township, Wayne County. The Commission also interviewed Mr. Michael E. Ellis, MAI who appraised the property under contract with the Department of Management and Budget.

Item 3 (continued):

The State Tax Commission finds that Mr. Ellis has followed the same appraisal process that the Commission would employ in appraising the property, assuming that it were following the same instructions that were given to Mr. Ellis by the Department of Management and Budget. The State Tax Commission notes that these instructions include the assumption that the potential development of the site is fluid as to what the township may or may not permit on the site, that the developer of the site would be required to remediate many environmental issues, that 40 acres must be donated to the community for public use, and that the existing improvements do not contribute to value and would have to be demolished. Given these assumptions, the Commission recognizes that an appraisal of the subject property is somewhat speculative. However, it appears likely to the Commission that, if it made a new appraisal of the subject on its own, the indicated value would be in the range of value determined by Mr. Ellis.
